now in an affordable edition a splendid pageant of the animal kingdom as the middle ages saw it as the 587 colorful images in this magnificent volume reveal animals were a constant and delightful presence in illuminated manuscripts throughout the middle ages they were illustrated not only in bestiaries the compendiums of animal fact and fable that were exceedingly popular in the twelfth and thirteenth centuries but in every sort of manuscript sacred and profane from the gospels to the romance of the rose this book is arranged in manner of a proper bestiary with essays on the medieval lore and iconography of one hundred creatures alphabetized by their latin names from the alauda or lark whose morning song was thought to be a hymn to creation to the vultur whose taste for carrion made it a symbol of the sinner who indulges in worldly pleasures the selection includes a number of creatures that would now be considered fantastic including the griffin the manticore and of course the fabled unicorn

a celebration of the visual contributions of the bestiary one of the most popular types of illuminated books during the middle ages and an exploration of its lasting legacy brimming with lively animals both real and fantastic the bestiary was one of the great illuminated manuscript traditions of the middle ages encompassing imaginary creatures such as the unicorn siren and griffin exotic beasts including the tiger elephant and ape as well as animals native to europe like the beaver dog and hedgehog the bestiary is a vibrant testimony to the medieval understanding of animals and their role in the world so iconic were the stories and images of the bestiary that its beasts essentially escaped from the pages appearing in a wide variety of manuscripts and other objects including tapestries ivories metalwork and sculpture with over 270 color illustrations and contributions by twenty five leading scholars this gorgeous volume explores the bestiary

and its widespread influence on medieval art and culture as well as on modern and contemporary artists like pablo picasso and damien hirst published to accompany an exhibition on view at the j paul getty museum at the getty center may 14 to august 18 2019

an insightful cultural history of the mythical self immolating bird from ancient egypt to contemporary pop culture by the author of the book of gryphons library journal the phoenix which rises again and again from its own ashes has been a symbol of resilience and renewal for thousands of years but how did this mythical bird come to play a part in cultures around the world and throughout human history here mythologist joseph nigg presents a comprehensive biography of this legendary creature beginning in ancient egypt nigg s sweeping narrative discusses the many myths and representations of the phoenix including legends of the chinese where it was considered a sacred creature that presided over china s destiny classical greece and rome where it appears in the writings of herodotus and ovid medieval christianity in which it came to embody the resurrection and in europe during the renaissance when it was a popular emblem of royals nigg examines the various phoenix traditions the beliefs and tales associated with them their symbolic and metaphoric use and their appearance in religion bestiaries and even contemporary popular culture in which the ageless bird of renewal is employed as a mascot and logo an exceptional work of scholarship publishers weekly

the author of the book of revelation struggled as we do today to live out a christian faith in the context of an empire that trampled and destroyed the earth and its creatures in this book micah d kiel will look at how and why revelation was written along with how it has been interpreted across the centuries to come to an understanding of its potential contribution to a modern environmental ethic while the book of revelation is replete with images of destruction of the earth kiel shows readers through revelation s ancient context a message of hope that calls for the care of and respect for the environment

this collection of original essays presents new scholarship on nearly three dozen feature length films including silent films animated films films in black and white and films in technicolor along with other shorter examples of cinematic medievalism written by contributors from around the globe with a wide variety of backgrounds the essays in this volume take a critical approach to one of the most popular forms of medievalism this book presents a full century of cinematic depictions of the middle ages with new examinations of works such as the seventh seal god s fool la passion de jeanne d arc saladin the victorious dante s inferno an animated epic and a knight s tale among others

a redefinition of the animal s relationship to sound and language in french texts from medieval england the barks hoots and howls of animals and birds pierce through the experience of medieval texts in captivating episodes of communication between species a mandrake shrieks when uprooted from the ground a saint preaches to the animals and a cuckoo causes turmoil at the parliament of birds with his familiar call this book considers a range of such episodes in old french verse texts including bestiaries treatises on

language the life of saint francis of assisi and the fables by marie de france aiming to reconceptualize and reinterpret animal soundscapes it argues that they draw on sound to produce competing perspectives forms of life and linguistic subjectivities suggesting that humans owe more to animal sounds than we are disposed to believe texts inviting readers to listen and learn animal noises to seek spiritual consolation in the jargon of birds or to identify with the speaking wolf create the conditions for an assertion of human exceptionalism even as they simultaneously invite readers to question such forms of control by asking what it means for an animal to cry make noise or speak in french this book provides an important resource for theorizing sound and animality in multilingual medieval contexts and for understanding the animal s role in the interpretation of the natural world

in virgin whore emma maggie solberg uncovers a surprisingly prevalent theme in late english medieval literature and culture the celebration of the virgin mary s sexuality although history is narrated as a progressive loss of innocence the madonna has grown purer with each passing century looking to a period before the idea of her purity and virginity had ossified solberg uncovers depictions and interpretations of mary discernible in jokes and insults icons and rituals prayers and revelations allegories and typologies and in late medieval vernacular biblical drama more unmistakable than any cultural artifact from late medieval england these biblical plays do not exclusively interpret mary and her virginity as fragile in a collection of plays known as the n town manuscript mary is represented not only as virgin and mother but as virgin and promiscuous adulteress dallying with the trinity the archangel gabriel and mortals in kaleidoscopic erotic combinations mary s virginity signifies invulnerability rather than fragility redemption rather than renunciation and merciful license rather than ascetic discipline taking the ancient slander that mary conceived jesus in sin as cause for joyful laughter the n town plays make a virtue of those accusations through bawdy yet divine comedy she redeems and exalts the crime by revealing the presence of this promiscuous virgin in early english drama and late medieval literature and culture in dirty jokes told by boccaccio and chaucer malory s arthurian romances and the double entendres of the allegorical mystic hunt of the unicorn solberg provides a new understanding of marian traditions

beasts factual and fantastic is the first in the medieval imagination series of small affordable books that will draw on manuscript illuminations from the middle ages and early renaissance each volume will focus on a particular theme or subject as represented by medieval artists often as in the case of the imaginary beasts that readers will encounter in this volume artists depicted that which they did not see or know but which was nonetheless shaped by the prevailing beliefs fears and rudimentary science of the time in other cases manuscript illuminators recorded what they indeed did see which centuries later reveals much about the world in which they lived this inaugural volume features vivid and charming details from the wealth of manuscripts in the collections of the j paul getty museum and the british library along with a lively text together both word and image provide an accessible and delightful introduction to the imagination of the medieval world future volumes in this series will cover such topics as costumes portraiture and marginalia among others

this book examines the works of major artists between the seventeenth and nineteenth centuries as important barometers of individual and collective values toward non human life once viewed as merely representational these works can also be read as tangential or morally instrumental by way of formal analysis and critical theories chapter two demonstrates the discrimination toward large and small felines in genesis and the book of

revelation chapter three explores the cruel capture of free roaming animals and how artists depicted their furs feathers and shells in costume as symbols of virtue and vice chapter four identifies species beliefs between donkeys and horses chapter five explores the altered dutch kitchen spaces and disguised food animals in various culinary constructs in still life painting chapter six explores the animal substances embedded in pigments chapter seven examines animals in absentia in the crafting of brushes the book concludes with the fish paintings of william merritt chase whose glazing techniques demonstrate an artistic approach that honors fishes as sentient beings

from the bestiaries in the collections of the british library ann payne has culled wonderful illustrations she has linked them with a sampling of the poetry the folk wisdom and the romantic imagination of the formative years of western civilization the antioch review

the medieval bestiary was a contribution to didactic religious literature addressing concerns central to all walks of christian and secular life these essays analyze the bestiary from both literary and art historical perspectives exploring issues including kinship romance sex death and the afterlife

this is an english translation of the short version of the french bestiary of pierre de beauvais the original text the physiologus was probably written during the 2nd century in greek then translated to latin and then translated into old french by de beauvais these are stories of animals given as symbols of man s eternal fears and hopes this bestiary can be used as a means of understanding the thought processes of people in the middle ages

first penned in egypt between the 2nd and 4th centuries the physiologus brought together poetic descriptions of animals and their christian allegories translated into a wide range of languages from across north africa and much of europe each version of the physiologus adapted the text in culturally specific ways that yield fascinating insights for those who delve into this truly global tradition of representing and interpreting animals this edition provides the texts and translations of the only two surviving english versions the old english physiologus from the late 10th century exeter book and the middle english physiologus from the mid 13th century ms arundel 292 as well as translations of a range of latin french and old english sources and analogues underpinned by a commitment to both the fields of medieval studies and animal studies this book provides an accessible introduction to the literary history of the physiologus and the politics of animal representation asking the vital question how can we understand humanity s relationships with non human animals and the environment today without understanding their past
